

Tapered Clamping Screws - Hook precision

Bore Clamping

12049.3

BORE CLAMPING

Material

Bushing: steel (C45E), black oxide finish, precision ground.
Screw: steel (SCM 435), tempered, black

oxide finish.

O-ring: nitrile rubber.

Technical Notes

For suitable clamping modules see part no. 12049.1.

Order No.	l_1	w_1	Suitable clamping module size	Type	Size	d_1 tol. g6	d_2	O-ring size	d_3	l_2	l_3	w_2	Weight g
